

LB 263  
January 22, 1973

SPEAKER: Alright this requires a majority of the members voting on the issue, I'll ask for a machine vote, all those in favor of the Schmit amendment vote aye, those opposed vote no. Have you all voted? The clerk will record.

CLERK: 24 ayes, 4 nays, Mr. President.

SPEAKER: The amendment is adopted. Now Senator Marvel what will you do with the bill as amended? Excuse me, Senator Lewis.

SENATOR LEWIS: Mr. Chairman I have a question that I would like to direct to Senator Marvel. There has been a lot of discussion about funds, cash funds to replace funds that were not there as is provided by Section 4, specifically the University and I was wondering why we are taking this particular one out of context with all the other requests, Senator Marvel.

SPEAKER: Senator Marvel.

SENATOR MARVEL: With your permission I'd like to refer this to Senator Clark, who has voluminous information on this.

SPEAKER: Senator Clark.

SENATOR MARVEL: And I'd like to let him answer the question.

SPEAKER: Senator Clark. Can you condense the information?

SENATOR CLARK: Well I would hope so, what happened was originally Marlin Ryan took \$10,000.00 out of the general fund and put it in cash fund which was not possible of course to generate in the first place. The second place the government had a walk-on inspector come out on our aviation program and told him he had to have certain things in the aviation program to be certified. Without being certified the program was no good at all. There's about five or six million dollars worth of equipment in that program. Another deficiency or created a deficiency was the fact that we're changing over all the heating systems, the central heating systems to unit heaters because of our tremendous amount of cold weather we had they couldn't get it done. This cost them an additional twelve million, or twelve thousand dollars. That's where the deficiency came in. Now if the deficiency wouldn't be allowed of course they would just have to cut back their staff and cut off the program. Does that answer your question?

SPEAKER: Senator Marvel.

SENATOR MARVEL: If there are no other questions I renew my motion to advance 253 to E&R initial.

SPEAKER: Is there any further discussion? If not are you ready for the question? The question is advanced the bill as amended it requires 25 votes, all those in favor vote aye, those opposed vote no. Have you all voted? The clerk will record.

CLERK: 34 ayes, no nays on motion to advance.

SPEAKER: The bill is advanced, now is there anything further on the clerk's desk?

CLERK: Mr. President I have a motion to adjourn, until Tuesday at 10:00 a.m. signed Senator Hasebroock.

SPEAKER: You have heard the motion to adjourn until 10:00 a.m. tomorrow, all those in favor say aye, those opposed no. We stand adjourned until 10:00 a.m. tomorrow.

(End of Belt #9)
